# Heritage of Craftsmanship

Established in Porto in 2008, Munna is a furniture design brand renowned for creating handmade upholstery with unmatched craftsmanship, seamlessly blending noble materials and timeless design, for both commercial and residential projects.

Made by hand in Porto, Munna's pieces honour the profound heritage of craftsmanship, while drawing inspiration from history's most influential artistic periods, using high quality fabrics such as cotton velvet, twill, leather and silk; the finest wood veneers, such as ebony, walnut and rosewood; sumptuous gold, silver and copper leaves, metal details in brass, nickel and copper, and superior lacquers. Munna's designers and craftsmen are committed to delivering only highest standard upholstery, creating armchairs, sofas, stools, beds and folding screens that never lose their power of amazement.

The brand's philosophy is to create meaningful design with lasting appeal, matched by signature exquisite finery. Munna has become an international reference in the creation of timeless design that infuse a higher form of living.

The new classics, by MUNNA.

# Set the scene

Folding screens can set the scene.
Their narrative feel is seductive, provoking imagination. Their materiality, color and forms purposefully embody Munna's quintessence: the closeness of contemporary and vintage, the architectural and the intuitive.

# This must be the place

A place to live life, and to escape from it. Sleeping and dreaming. For passion, for love, for family.

Beds can be quiet and graceful, as sleep should be. Yet, beds can also be an expression of personality, complement one's charisma. And become the statement in a room.

Munna's beds are the quintessence of eclectic harmony. An idiosyncratic aesthetic that mixes and matches the historic and contemporary.

The old and the new. Connecting the dots with a soulful approach to design, curated by an alchemy of color, emotions and handcraft.

# 10 Years of Design & Craftsmanship

In our times, the crafts stand proudly as tradition, as the paradigm shifts towards the rigours and competitiveness of technology. To create products founded on the crafts, fostering and furthering artisanship with an integrated design approach is not a just a celebration of tradition. It's part of a continued effort of research and development of the traditional arts & crafts.

Munna's uncompromising approach to local craft and the curated eclecticism of its designs have been the trademarks of a brand that is fostering the path for design made in Portugal.

Munna's brand launch photos, shot in historic buildings in Porto, by Portuguese artist Inês d'Orey (above).

Munna takes part, along with Ginger & Jagger, of international design and interiors tradeshows around the world - from Milan to Paris, Miami to Stockholm, New York to Cologne.

# The films and the music

For a decade, Munna has been honoring the arts, design and craftsmanship, establishing new bonds between artistic and cultural legacies. Film and music are not only inspirations, but also complementary elements of Munna's creations. The brand has become a vessel for creation within those mediums. Munna is now much more than a design studio, but also a harbour for collaborative works under the brand's conceptual universe, encompassing film and music creation.
