Carlo Sofa

Carlo Sofa

With a sculptural language shaped by modernism, the Carlo sofa is defined by generous volumes and continuous lines that create a sophisticated and enveloping composition. Its continuous silhouette contrasts with the bold spherical wooden feet, reinforcing the piece's sculptural presence and sense of balance. Also available in a version with clean lines and without spherical feet, Carlo adapts to different aesthetic interpretations without losing the essence of its formal language. Between materiality, proportion, and form, Carlo reveals a timeless elegance.

Carlo Armchair

Expanding the Carlo series, the armchair reinterprets its sculptural language on a more intimate scale. Enveloping proportions and continuous curves create an inviting composition, while the spherical wooden feet introduce a bold architectural contrast that reinforces the piece's sculptural character. Also available without spherical feet, Carlo adapts to different aesthetic interpretations while preserving the essence of its formal language. Between materiality, proportion, and form, the Carlo armchair reveals the same timeless elegance that defines the series.

Robert Sofa Special Edition - Tartan Fabric

Inspired by Scotland's cultural heritage and the expressive power of traditional kilts, the Robert Sofa is distinguished by the pleats that define its armrests, reinterpreting one of the most iconic elements of Scottish dress. This sculptural detail pays tribute to the excellence of craftsmanship and to prominent figures in Scottish culture, such as the poet Robert Burns. Presented in a special edition featuring tartan fabric, the Robert Sofa underscores Munna's ability to transform historical and cultural references into pieces of contemporary design. Straddling tradition and innovation, the piece embodies a timeless identity, where craftsmanship, narrative and sculptural expression come together in a sophisticated composition with a strong visual presence.

Editorial Munna

Munna presents a new editorial shoot set in a historic residence in northern Portugal, where the architecture bears the marks of time without losing any of its presence. The patina of the materials, the imperfections of the surfaces and the natural light create an atmosphere of authenticity, transforming the space into a setting where design meets memory. Far from seeking contrast for contrast's sake, the pieces establish a sense of continuity with their surroundings. Through textures, proportions and moments of stillness, they embody a serene elegance, inspired by culture, fashion and timeless references. The result is a visual narrative that prioritises emotion over trends and permanence over the ephemeral, an expression of Munna's vision of what defines The New Classics.

About Munna

Founded in 2008 in Porto, Munna has distinguished itself by creating pieces that combine artisanal tradition with innovation. First presented at London Design Week in 2009, the brand has since established a presence at renowned international events, including the design weeks in Milan, New York, and Paris. Munna embraces a vibrant aesthetic language, expressed through bold forms, intense colors, and meticulous attention to detail.

This approach challenges the conventions of modern functionalism, emphasizing emotional expression, theatricality, and creative freedom. Rather than embracing aesthetic neutrality, Munna infuses its objects with a strong personality, using expressive materials that preserve the craft knowledge of traditional Portuguese artisans. The result is a unique balance of irreverence and sophistication.

Munna exports to over 60 markets, solidifying its position as one of Portugal's premier design brands. Together with Ginger & Jagger, also part of the Urbanmint group, Munna is a member of Laurel, the association of leading Portuguese excellence brands.
